[Despatch Abstract.]

Protection - Amelioration - Bellary Milk Supply Society Extension of the Services of Veterinary Surgeon Assistance of Cattle Disease - Sanctioned

23657 B1

From
Sri J.C.Ryan, M.A.,
Registrar of cooperative societies,
Chepauk, Madras.

To
The Secretary to Government,
Development Department,
Fort St.George, Madras.

Rc.96066/48.T.X.4. Dated 3-3-1949.

Sir,

Sub:- Prohibition - Amelioration - Bellary Milk Supply Society - extension of the services of Junior Inspector free of cost - sanction - requested.

Ref:-1. G.O.Ms. 2887, Development, dated 31-5-48.
2. From the Special Development Officer, Bellary, Rc.45/48-A, dated 18-2-1949.

====x====

In their order cited as item 1 above, Government were pleased to sanction the services of a Junior Inspector free of cost for a period of 6 months for supervision and development of the Bellary Cooperative Milk Supply Society. The post of the Junior Inspector expired on 27-2-1949 A.N.

2) The Bellary Milk Supply Society was registered on 22-4-48 ~~with 23 member~~ and was started on work on 28-8-48 with 23 members and a share capital of Rs.230/-. The Junior Inspector sanctioned to work in the society joined duty on 30-8-48 Forenoon. The Inspector had to contend against many difficulties to work the society successfully. All the members of the society belong to Gowli community and they did not allow members of other communities to join the society. They also did not sell their milk through the society. The several attempts of the Inspector to bring in new members owning milch animals were foiled. It was also not possible to convene a general Body meeting without the cooperation of the members. All along the members were willing to sell the milk only at the rate of 1¼ seers per rupee and at this rate, the society had to sell only 1 seer per rupee the balance being left to meet its establishment and contingent charges. For this price, no customers could be obtained for the milk delivered by the members and practically the society was not able to do business. A meeting of the General Body was convened on 30-11-48, and it was decided that the members should sell milk at the rate of 1¾ seers and the society should sell milk at the rate of 1½ seers to the public. Even this resolution was not given effect to by the members. Then the Special Development Officer and Deputy Registrar jointly called for a meeting of the Board of Directors on 30-12-48 and it was finally decided that the society should receive milk from the members at the rate of 2 seers per rupee and sell to the public at the rate of 1¾ seers per rupee. After much higgling with the members, the society is now able to carry on its business smoothly. A progressive statement regarding the business of the society from its starting till 12-2-49 is given below.

P.T.O.

2

	As on 28-8-48	As on 31-12-48.	As on date i.e., from 1-1-49 to 12-2-49
Membership	23	23	36
Share capital	230	230	550
Quantity of milk supplied	Nil	12 M.M. for the entire period from 28-8-48 to 31-12-48.	170 M.M. during the period from 1-1-49 to 12-2-49. This works out on an average to 3½ M.M. per day during Jan.'49 and 9 M.M. per day during Feb.'49.
Value of milk purchased.	Nil.	Rs.9/-	Rs.138/-
Value of milk sold.	Nil.	Rs.10-5-0.	Rs. 160-4-0

No drastic step could be taken in the meantime, as it would scare away the new members who were willing to join the society. On 12-2-49 the membership in the society has been raised from 23 to 36 and the share capital from Rs.230/- to 550/-. The society has handled 170 M.M. of milk during the period 1-1-49 to 12-2-49. The Special Development Officer has reported that he has since contacted the Jail authorities and others, for supplying milk to ~~their~~ them from the society and he has assured that the society has a good future. He has requested that the services of the Junior Inspector may be extended for a further period of 6 months.

N

3. I consider that the society should be helped to develop its business by continuing the services of the Junior Inspector for some time more. After successive attempts made by the Special Development Officer and the Inspector working in the society, the society has been made to function on proper lines. If the Junior Inspector is withdrawn now, the further working of the society will be seriously handicapped. I therefore request that Government may be pleased to extend the services of the Junior Inspector free of cost for a further period of 6 months from 28-2-1949.

A

4. In anticipation of Government orders, I have permitted the Special Development Officer, Bellary to continue the Junior Inspector. I request that my action in having done so may kindly be approved.

B

Rp 3-4-6 8 (Y) 5. In para 2 of the G.O. cited I have been asked to examine whether it will not be possible to recover a portion of the cost of the Junior Inspector from the society. In view of the facts reported in para 2 above, I submit that it is not possible to recover any portion of the cost of the Junior Inspector from the society.

I request early orders.

Development (BI) Department

Estt. - Coop. Societies - Junior Inspector working in the Bellary Cooperative Milk Supply Society - Retention - Proposal.

Ref: From the R.C.S. letter No.96066/48 dated 3-3-49;

To A.S.

In G.O. No.2887, Dev. dated 31-5-1948 the Govt. Sanctioned the appointment of a junior Inspector of Coop. Societies for a period of six months for the development of the Bellary Coop. Milk Supply Society free of cost to the society. In that connection the Fin. Dept. noted that the question of the possibility of recovering from the society a portion of the cost of the Junior Inspector might be examined before the expiry of the sanction for the post. The R.C.S. was asked to examine the question accordingly and submit a report. He has now stated that the sanction for the post expired on 27-2-1949 ~~and [illegible]~~ after noon. He has reported that though the society started work on 28-8-48 any business worth the name was done only from 1-1-1949 and for the period from 1-1-1949 ~~and [illegible]~~ to 12-2-1949 the society ~~has~~ earned a gross profit of only Rs.20/- which would ~~be~~ hardly be sufficient to meet even the contingent expenditure of the society. In the circumstances the Registrar has stated that it is not possible to recover from the society any portion of the cost of the Junior Inspector.

2. The Registrar has now proposed the retention of the junior Inspector free of cost to the society for another six months from 28-2-1949. He has explained in para 2 of his letter at pp.1-2 c.f. how the society had to contend against heavy odds even to make a fair begining and how the members had to be handled ~~care~~ tact full The society which started work on 28-8-48 and could sell only 12 Madras Measures of Milk upto 31-12-1948 wa able to sell 120 Madras Measures of milk for the period 1-1-1949 to 12-2-1949 and ~~earned~~ earned a profit of Rs.20/-

E II

due to the strenuous efforts made by the departmental officers. It has since been proposed to supply milk from the society to the Jail and other institutions. It would seem that the Junior Inspector should be retained in the society if all the efforts so far made are to be of any use to the society and also to set it on a sound footing. As explained in para 1 above it will not be possible to recover from the society any portion of the cost of the Junior Inspector till it is set on a sound footing and has made some reserve funds. In the circumstances and as the society is intended to improve the economic condition of milk men who are mostly ex-addicts it is for orders whether the Registrar's proposal may be accepted.

3. The Registrar has stated that he is continuing the Junior Inspector in anticipation of the orders of the Govt. and requests that his action may be approved. For orders whether his action will be approved.

4. Subject to orders a draft order is submitted for approval It may go Finance for acceptance.
